

WAR SHIPS READY.

Preparations in the English Navy For Possible War.

FLYING SQUADRON COMMISSIONED

The Officers and Men Have Prepared For a Long Absence From England—The Transvaal Increases Her Military Force. Foreign Subjects Being Looked After by the British Government.

LONDON, Jan. 15.—The cruisers Thesis and Otharydis of the new flying squadron were put into commission at Sheerness yesterday, and embarked their projectiles at Chatham. They will also take supplies of powder and shells on board at Sheerness.

The battleships Revenge and Royal Oak, the cruiser Gibraltar and several torpedo destroyers were also put into commission at Portsmouth yesterday. Captain A. G. Curzon-Howe has been assigned to the command of the Revenge, the flagship of the squadron, which will be commanded by Rear Admiral Alfred T. Dale. Two thousand men, including marine artillery, will be distributed among the ships of the squadron.

The officers and men have all prepared for a long absence from England, and in some quarters it is believed that a tour of the world is contemplated.

A dispatch from Malta says that 13 British vessels from Salonica have arrived there. Their future destination is not known, but it is not expected that they will return to the Levant.

IN TRANSVAAL'S CAPITAL.

The Volksraad Held a Short Session and Adjourned Until May.

PRETORIA, Jan. 15.—The Volksraad met yesterday and authorized the government to increase the state artillery force by 400 men. They also adopted a government resolution thanking the Orange Free State for its sisterly assistance and also Sir Hercules Robinson, governor of Cape Colony, and Sir Jacobus De Wet, British agent at Pretoria, for the powerful support they had given to the Transvaal government and for their efforts to prevent bloodshed.

A message was read to the Volksraad from President Kruger to the effect that he intends to discuss with the raid in later and calmer moments the causes which led to the dastardly plot against the state and government. He was firmly resolved, the message said, to maintain the sacred rights and interests of the republic and to establish the same on a firmer and securer foundation.

The brief sitting of the Volksraad then adjourned till May, owing to the excited feeling among the burghers, calm and dispassionate legislation in connection with the recent events was considered impossible.

Dr. Jameson and the officers of his raiding expedition and political prisoners, numbering 60, are still in jail here, and are well cared for pending the final decision between Sir Hercules Robinson and the Transvaal government as to their fate.

Foreign Subjects Being Looked After.

LONDON, Jan. 15.—The Belgian government in addition to the United States government has asked Great Britain to watch the interests of its subjects in the Transvaal. In consequence of these representations Colonial Secretary Chamberlain has telegraphed to the governor of Cape Colony, Sir Hercules Robinson, expressing apprehension that the numerous arrests made will disorganize the Rand industries, inquiring what the prisoners are accused of, whether bail will be allowed, and what are the penalties for the misdeeds of which they are accused.

Burghers Showing Their Strength.

JOHANNESBURG, Jan. 15.—A thousand armed and mounted burghers traversed the streets of this city yesterday, causing great excitement, and 1,200 others are outside the city, and will ride through town tomorrow in order to exhibit their fighting strength to the miners, and to gratify the men.

Ready to Transfer the Prisoners.

LONDON, Jan. 15.—Governor Sir Hercules Robinson has telegraphed to the colonial office that he has completed arrangements for the transfer of the prisoners now held by the Transvaal government at the Natal border.

BIG FIRE IN BUFFALO.

Quarter of a Million Dollars' Worth of Property Destroyed.

BUFFALO, Jan. 15.—The huge warehouse of S. S. Jewett & Company, stove manufacturers, at the corner of Mississippi and Perry streets, was totally destroyed by fire last night. The loss is about \$250,000, fully covered by insurance.

The origin of the fire is not known, but it is supposed to have been from a lighted match carelessly thrown by some workman into a pile of combustible material in the building.

The fighting of the flame was fraught with the greatest danger to the firemen, as the falling of the walls of the building was from the start, a foregone conclusion. The enormous weight of the merchandise stored in the warehouse, some 1,500,000 pounds, and the fact that only the outside walls are of brick, the inside being supported only by massive beams of oak and without partitions of any kind, made the risk of those approaching the burning building something appalling.

Fortunately, however, there were no casualties, and the most serious damage

done by the falling walls was the temporary destruction of all the wires entering the city of the Postal Telegraph company.

The fire, which started about 6 o'clock, was under control a little before 10. The four walls toppled over in rapid succession about 8 o'clock. There were many hairbreadth escapes from death to the firemen in and around the building.

HOUSE AND SENATE.

The Pension and Financial Bills Occupy the Time in Debate.

WASHINGTON, Jan. 15.—The house spent yesterday in further debate upon the pension appropriation bill. The speakers, with a single exception, were all Republicans and all favored a liberal administration of the pension laws and the adoption of the changes to existing law proposed by the bill. Among the speakers was General John A. Walker who served with distinction in the Confederate army from Manassas to Appomattox. He is the only Republican representative from Virginia. His assurance of the good feeling that existed in the south toward the Union soldier and the lack of hostility toward the pension system was warmly received on both sides of the house.

Mr. Cummings (Dem., N. Y.) created a mild sensation by a severe arraignment of the pension bill for hostility to the old soldier, and a stirring reiteration of the speech made Monday by Mr. Bartlett, who is also one of the Tammany congressmen from New York.

It seems probable now that the general debate on the tariff bill will continue for several days.

The bond silver bill was further considered in the senate but without appreciable approach to a conclusion of the debate. Mr. Butler of North Carolina spoke for two hours in opposition to bond issues and in favor of silver legislation. The early hours of the session brought out an extended controversy over pension discriminations. Mr. Lodge sought to pass the bill granting a pension to the widow of General Casswell, but Mr. Allen led a vigorous opposition claiming that the widows of generals were being unduly preferred over the widows of the plain soldiers. The bill was finally passed.

Mr. Mills offered a resolution declaratory of the policy of the government issuing bonds, favoring the speedy extinction of the national debt and for the coinage of the silver dollar in the treasury.

NICARAGUAN CANAL SCHEME.

President Cleveland Expected to Send a Message to Congress on the Subject.

WASHINGTON, Jan. 15.—The Nicaraguan canal scheme received some little attention yesterday from the house committee on interstate and foreign commerce when Chairman Hepburn designated a subcommittee of seven to have special charge of all proposed legislation for building the canal. Messrs. Sherman of New York, Doak of Washington, Joy of Missouri, Noaman of Texas, Stewart of New Jersey, Price of Louisiana and Bartlett of New York constitute the subcommittee.

Speaker Reed is known to favor the canal plan, and the committee counts on the favor of the committee on rules to give its bill a hearing on the floor. The canal advocates are anxious to have President Cleveland forward to congress at an early day the report made to him by the commission which looked over the ground last summer.

To a member of the commerce committee who called at the White House last week and made inquiries about the report Private Secretary Thurber said that Mr. Cleveland had not been able to read the document up to that time because of the absorbing pressure of the Venezuelan and other diplomatic matters but intended to take it up at once. It is estimated that a special message giving President Cleveland's views upon the canal and transmitting the report will be sent to congress within a month.

TRAGEDY DUE TO POVERTY.

A Woman Poisons Her Eight Children and Hanga Herself.

St. JOSEPH, Mo., Jan. 15.—A terrible tragedy is reported here as having occurred at Marysville, Kan. On a farm six miles south of Marysville lived Joseph Hildebrand, his wife and family of eight children, the latter ranging from 2 to 14 years of age. Hildebrand is at Kansas City being treated in a hospital.

Yesterday forenoon his wife, becoming despondent, administered poison to the children and seven have died. The other is not expected to live. The wife completed the work of destruction by hanging herself to a rafter. The cause of the tragedy was poverty. Mrs. Hildebrand had become dependent on account of the ailment of her husband and it is supposed her mind became affected. An inquest is being held.

Hildebrand Has Disappeared.

KANSAS CITY, Jan. 15.—Joseph Hildebrand, husband and father of the victims of the tragedy at Marysville, Kan., has mysteriously disappeared from the All Saints' hospital in this city and no trace of him can be found. Monday afternoon Hildebrand left the hospital, stating that he was going out to get a check cashed. All of the city hospitals have been visited in an attempt to locate him.

LOUISVILLE, Jan. 15.—George H. Moore, the wealthy distiller and wholesale liquor dealer, died yesterday. He was a patron of the fine arts, and his picture gallery is the finest in the south, being valued at \$200,000. Nearly all his pictures were bought by him on his yearly trips to Europe. Mr. Moore died suddenly and alone while sitting in his dining room reading a newspaper.

RED CROSS RELIEF.

It Will Be Extended to the Suffering Armenians.

NATIONAL COMMITTEE APPEAL.

If the Turkish Government Has Barred Out the Society Other Channels of Relief Will Be Found—Miss Barton Will Carry Out Her Proposed Program—Dreadful Statistics of the Outrages.

NEW YORK, Jan. 15.—The following official statement has been issued from the headquarters of the national Armenian relief committee signed by Spencer Trash, chairman of the executive committee:

"The reported intention of the Turkish government to refuse the American Red Cross society permission to enter Turkey, will not cause the national Armenian relief committee and its branches throughout the country to relax their efforts for an instant in raising funds to save the 350,000 Armenians who are perishing from starvation and exposure.

"The national committee is the authorized agent throughout the country for raising funds and supplies to be distributed by the Red Cross, provided it enters the field, but in case the Red Cross is excluded the national committee has authority to exercise existing agencies on the ground or organize new ones, so that all contributors may be assured that their gifts will as soon as possible reach the sufferers for whom they are intended.

"Many are not aware of the fact that relief work to the extent of not less than \$100,000 has already been successfully carried out in Turkey during the past three months, under the direction of a strong and representative committee of foreign residents and diplomats in Constantinople, through European consuls, and the Americans who are found to be in all the principal cities of the interior.

"A letter just received from Constantinople dated Dec. 17, states that 60 bales of clothing had been forwarded that week to Caesarea and that it is now possible to forward large amounts of money safely to those engaged in this work in the devastated regions. The Red Cross could greatly enlarge this work.

"It seems incredible that while the Turkish government is permitting such relief work it should exclude the Red Cross which, as is well known, will not step over a suffering Turk or Kurd to help an Armenian.

"Meanwhile all funds should continue to be sent to Messrs. Brown Brothers & Company, 59 Wall street, treasurers of the national Armenian relief committee."

MISS BARTON'S PROGRAM.

It Will Be Carried Out as It Was First Proposed.

CHICAGO, Jan. 15.—Mrs. S. E. Gross, a member of the Red Cross society, was not worried when informed of the announcement made by the Turkish legation that the imperial government would not permit any distribution among its subjects by any foreign society of money collected abroad. She said:

"The Turkish government has a treaty with the Red Cross society which will give Miss Barton free entrance to Armenia, and protection while she is at work there. This was the reason the missionaries asked to have her sent there. Miss Barton will positively sail on the day which has been set and announced. She did not undertake this work without knowing every turn affairs might take, and no announcement from the Turkish legation will stop her. The Red Cross does not go into foreign hopes, and this move will be carried through."

Turkey Has the Right.

WASHINGTON, Jan. 15.—Senator Culom, who is a member of the senate committee on foreign relations and chairman of the subcommittee on Armenian affairs, said that he did not see what action the United States could take in the matter of the exclusion of the Red Cross from Turkey. Any government, he says, has the right to exclude any or all persons from its territory. It is a right which all nations reserve, the United States as well as all others. Neither by legislation nor executive order could the United States compel Turkey to admit the Red Cross society.

All Christian Organizations Called On.

WASHINGTON, Jan. 15.—Mr. R. S. Tharin, who has been one of the active movers regarding relief for the Armenians, has issued a call for all the Christian organizations in the United States to send delegates to a national Christian convention at Washington to meet on Saturday, Feb. 22, 1896, "to consider the deplorable condition of Armenia, to devise ways and means for the amelioration thereof and to consider whether to memorialize congress to take effective measures to abate the nuisance now rampant on the Bosphorus."

Californians Aroused.

SAN FRANCISCO, Jan. 15.—At a mass-meeting presided over by Mayor Sutro at Metropolitan temple, resolutions were adopted calling upon President Cleveland and congress to exert every effort to prevent the killing of Armenians by Mohammedans. Many prominent citizens made speeches in which the European powers were severely censured for permitting the atrocities to continue.

The Dreadful Statistics.
CONSTANTINOPLE, Jan. 15.—According

to information collected by the embassy, 3,000 Armenians were killed at Ortah on Dec. 28 and 29, and at Erzerum, Koonkale and Djibire 600 were killed.

FORAKER ELECTED SENATOR.

Calvin Brice's Successor Named by the Ohio Legislature.

COLUMBUS, O., Jan. 15.—Joseph B. Foraker yesterday in the senate received 29 votes for United States senator, Calvin S. Brice 6 and George A. Groot, Populist of Cleveland, 1. The senate has 30 Republicans, one of whom, Senator Porter, was absent on account of sickness in his family.

The six Democrats voted for Mr. Brice. The Populist, William F. Conley of Mercer, voted for Mr. Groot, and is the only Populist ever elected to the Ohio legislature.

Governor Bushnell and ex-Governor McKinley were present. Foraker's name was presented by Senator John J. Sullivan of Trumbull, and seconded by Senator Adolph Ruemer of Cincinnati. Senator Hysell presented Mr. Brice's name.

In the house the vote stood: Foraker, 87; Brice, 21; John H. Thomas, Springfield, 1; Mr. Cago, 1; Judge Blandin of Cleveland, 1; Lawrence T. Neal, Chillicothe, 1; all of whom except Foraker are Democrats. Foraker received the full Republican vote.

No Choice in Maryland.

ANNAPOLIS, Md., Jan. 15.—Balloting for a successor to Charles B. Gibson in the United States senate began at noon yesterday. Each branch of the legislature cast one ballot and adjourned. The result of the balloting shows that both Democrats and Republicans are badly split, and that the fight is likely to be a protracted one. Congressman George L. Wellington led the Republicans in the number of votes received, having got 23 in the house and 3 in the senate, but he lacks 18 votes of election, and the indications now are that he is out of the race. Charles T. Westcott was the closest competitor with 16 votes in the house and 2 in the senate.

The Democrats were unable to unite on any one, those who oppose Senator Gorman refusing to vote for John Walter Smith, the caucus nominee, and casting their ballots for David M. Henry.

Deadlock Continues in Mississippi.

JACKSON, Miss., Jan. 14.—The senatorial deadlock still continues. The joint Democratic caucus met again last night and took four ballots, the last (sixth) one resulting: Money, 74; Lowry, 42; Allen, 39 1-2; Hooker, 10 1-2; McLaurin, 4; Yerger, 1; Campbell, 1.

Utah's Senators.

SALT LAKE CITY, Jan. 15.—Frank J. Cannon and Arthur Brown were nominated for the senate last night by the Republican caucus.

FISHING SCHOONER WRECKED.

Nine of the Crew Find Watery Graves the Result of a Collision.

BOSTON, Jan. 15.—The fishing schooner Fortuna, Captain Greenhaw, from Boston for George's Banks, was in a collision Monday night with the British steamer Barnstable, off Highland Light. The schooner was cut almost in two, and sank within three minutes. Fourteen of her crew were saved by the steamer, but nine went down with the vessel. The drowned belonged in Gloucester, where they have families.

The Barnstable is from Port Antonio, with fruit for this city. She brought the first intelligence of the disaster when she arrived.

The Fortuna left Boston at 1 o'clock Monday morning, bound for George's bank, on a fishing trip. She had a crew of 23 men all told, most of them belonging in Gloucester.

The lost are: Thomas Stewart, Harvey Emerson, Simon Bayrean, William Goodwin, Alfred Noomi, John Clark, Crawford Minach, Harry Menefee and Robert Shuds.

Arthur Noaman, cook of the fishing vessel, was severely injured by broken timbers and was sent to the city hospital.

Captain Paine stated that the weather was clear at the time of the collision, and that the schooner's jib or forestay sail obscured her lights.

BATTLE AND BURNING.

The Insurgents Destroying Properly All Around the Capital.

HAVANA, Jan. 15.—A report has just been received here that the railroad station and the railroad bridge at Govea have been burned by the insurgents, the bridge being partially destroyed.

Govea is on the railroad south from Havana and is south of Rincon and near Bejucal. This is the immediate neighborhood in which an engagement was supposed to be taking place yesterday afternoon between General Linares and the insurgents, cannonading having been heard in that direction.

There is nothing in the official report given out to associate the destruction of the railroad property with the battle, nor are any further details given to the public of any engagement in that neighborhood.

News comes from Remedios that an insurgent lieutenant with 30 fellows has surrendered to the authorities in that district.

Death of William D. Himes.

NEW OXFORD, Pa., Jan. 15.—William D. Himes, vice president of the Gettysburg National bank, is dead at the age of 84. Mr. Himes was among the most intimate personal friends of Thaddeus Stevens in his early career in Adams county, and was associated with him in various business enterprises.

TOLL ROADS DOOMED

They Are Disappearing in Case and Adjoining Counties.

BEING BOUGHT UP EVERYWHERE.

A Feeling of Resentment Against the Roads That Is Having Its Good Effects—Strikers Rioting Fire at Seymour Killed by a Falling Tree—Church Burned—Other Indiana State News.

LOGANSPORT, Ind., Jan. 15.—The day of the toll roads in Indiana is almost over, and nearly every county in the state is buying the roads as fast as able. Cass county recently purchased the only remaining toll road in the county, and others are following her lead, and there are few roads in this section of the country where the traveler is obliged to pay for the privilege of driving through the country.

During the past three months the knowledge of certain roads being freed has engendered a feeling of resentment against the roads in other sections of the country, and in a number of instances patrons have stonily refused to pay toll. Notices were posted notifying patrons that anyone attempting to run through would be prosecuted. Such measures did no good, however, and as a last resort the owners have been obliged to sell their roads.

Rioting Follows a Strike.

CROWN POINT, Ind., Jan. 15.—Four hundred men struck at Cedar Lake yesterday. The men were employed by Armour & Company cutting ice. A report has just reached here that several big fights have occurred, and several men were badly, if not fatally, injured. Fixtures in two saloons were smashed to pieces with ice hooks and tongs. Sheriff Hayes has sworn in 25 deputies, armed with Winchester, and will go to the lake at once. The sheriff has instructed his men to shoot to kill if necessary.

Killed by a Falling Tree.

THORNTOWN, Ind., Jan. 15.—While Lank Goode and his son were cutting down a tree on his farm, five miles northeast of this city, yesterday afternoon, the tree split and a portion of it shot back and pinned Mr. Goode to the ground, instantly killing him. The son procured assistance, but the body could not be removed until the tree was sawed in two. Mr. Goode was 50 years old, and one of the best known farmers of Clinton county.

Death of "Old Crow."

CROWN POINT, Ind., Jan. 15.—Alfred T. Coffin, known to sporting men at every race track in the United States, died yesterday of blood poisoning. He is known at the race tracks as "Old Crow" or "Farmer" Coffin. He was probably one of the biggest plungers in this country. He also owned a big share in Hi Henry, the famous running horse. He leaves an estate of nearly \$200,000, all of which was made on the race track.

Four Business Blocks Burned.

SEYMOUR, Ind., Jan. 15.—Four business blocks burned Monday night, simply the walls standing. They were occupied by W. H. Wente, boots and shoes; Attkisson, dry goods; the Bell Clothing company; the First National bank, O. H. Montgomery and J. T. Aruckle, attorneys. Loss estimated from \$30,000 to \$40,000.

Catholic Church Damaged.

ANDERSON, Ind., Jan. 15.—The new \$80,000 Catholic church was damaged \$2,000 by fire yesterday. The flames started from the furnace and entered the auditorium through a cold-air chamber, destroying a fine confessional and badly smoking the walls, pipe organ and statuary.

The Business Will Continue.

INDIANAPOLIS, Jan. 15.—The Baker-Rundolph Lithograph and Engraving company has made an assignment. Charles E. Hollenbeck being appointed receiver. The liabilities aggregate \$45,000, while the assets are \$75,000. The business will be continued.

Fatally Hurt.

LAPORTE, Ind., Jan. 15.—Edward Maxwell of this city was fatally injured at Pullman, Ill., by falling on an iron swing-gate, his spine being crushed.

BABY BURNED TO DEATH.

Some One Placed It on Top of a Red-Hot Stove.

TOTTERA, Jan. 15.—A horrible occurrence became known to the police yesterday when the death of the 14-month-old son of Charles Dean was reported. Mrs. Dean left her two small children alone in a room while she ran over to a neighbor's. Upon her return she found that some one had removed the clothing from her babe, seated in upon the top of a hot stove and fled. The flesh of the child was cooked to the bone.

A young man who had quarreled with Mr. Dean is suspected, but he has fled from the city. The child suffered terribly until death came to relieve it.

Killed His Mother and Himself.

WATERTOWN, N. Y., Jan. 15.—William Oswald of Magdenburg, N. Y., shot and killed his mother and then ended his own life in that city yesterday. He had been out of work for some time past and this is supposed to have prompted him to commit the double crime.

CINCINNATI TOBACCO MARKET

Last Week Not a Very Satisfactory One—Good Tobacco Will Bring Good Prices.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for last week, has the following:

After a rest of two weeks the tobacco trade opened up Tuesday with very light offerings, the sellers preferring to see the market established before they made large offerings, and also to see the result of the new inspection that went into operation.

Prices were not strong as we expected them to be, especially for the low and medium grades, but the few qualities showed some strength and a good demand.

On Wednesday the offerings were some larger and the market continued at about Tuesday's prices, but less rejection.

On Thursday offerings continued about the same, but it was thought that prices were some higher, and while the offerings were mostly accepted, they were of the lower grades.

The market closed on Friday with light sales, and to take the week as a whole it cannot be termed a very satisfactory one, either in offerings or prices. It was the opening week, and some of our large buyers are not here, and others are waiting for their manufacturers to get through taking their invoices and get into running order again, as we expect the coming week will be a much more favorable one than the past.

There is considerable new tobacco coming to market, but the quality is so inferior that the prices obtained are low, though full value for the quality. We think some good tobacco could be sold at good figures. The reports from the country, where some purchases are being made, are not favorable for any profit to the buyer, and it would be better for the country speculator to take a more careful and conservative view of the situation before being too hasty in buying. There are a great many obstacles in the road this year that have to be overcome, and we consider it a good year to keep close to shore.

The new inspectors have shown themselves to be fully capable of handling the breaks with a careful and close inspection, and we think the present mode will prove very satisfactory to sellers and buyers, and still retain its high standard.

A PHEASANT FARM.

Ohio's Experiment is Proving a Great Success—Why Not Try It in Kentucky?

[Cincinnati Tribune Correspondence]

Among the visitors in Columbus to see the opening of the Legislature was Hon. E. H. Shorb, of Van Wert, member of the State Fish and Game Commission. Mr. Shorb's mission was to cultivate the acquaintance of the new members, as he is anxious to secure some legislation for the Fish and Game Commission. He is especially interested in the pheasant farm near Celina. He said:

"Our experiment of one year ago has proven a great success. We have a little patch of ground near Celina, and last season from thirty-eight hens we raised nearly four hundred pheasants. The birds are what are known as the ring-neck and Mongolian pheasants. They never lose their wild nature and are virtually as good a game bird as our native pheasants, which are almost extinct in Ohio. A fully developed female will lay about sixty eggs during the season. The birds grow rapidly and the adults weigh from three to four pounds. We set the eggs under domestic hens and keep the little birds in little runs until they learn the call of the old hen. For the first month the little pheasants require considerable attention, as they feed six times a day.

"The breeding season is from May 1 to August 1, and during this time we employed two attendants at the Celina hatchery. The ring-neck pheasant is a cross between the old English pheasant and the Mongolian, or Chinese pheasant. They are the better game bird, as they will not run ahead of the dog like the pure Mongolian pheasant.

"We desire to get about twenty acres of land near Celina, and suitable buildings. We expect to raise about 8,000 birds next year, and then we will distribute them over the State. They will stand the most severe weather. We will have a law passed protecting them until 1900, when we think these pheasants will be very abundant in Ohio. We will try to get an appropriation of \$2,000 to fix up a proper pheasant farm at Celina."

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

CHARLES W. HUMPHREYS.

Tribute to a Native of Mason by the People of His California Home.

Brief mention was made a few days ago of the death of Charles W. Humphreys, at Santa Ana, California. The Santa Ana Evening Blade of January 2nd, in its account of the funeral of deceased, says:

The remains of the late Judge Charles W. Humphreys were laid to rest in the silent city of the dead yesterday afternoon.

The obsequies consisted of services at the family residence and at the grave. B. F. Coulter, of Los Angeles, an old time friend of the family and a clergyman in the church in which the deceased held membership, officiated at the home. The solemn ceremonial rites of Masonic lodge were performed at the grave.

Never in the history of the city has there been such a concourse of men and women to attend funeral services. From near and from far came friends to view for the last time the kindly face of the man who occupied such a prominent place in their affections. Main street was blocked with vehicles, each carrying friends to the house of mourning. It is estimated that between 500 and 750 were present during the services at the residence.

Peaceful in the sleep of death lay the form of Judge Humphreys. His benevolent face and broad, good forehead were in strong contrast to the sombre black of the elegant casket in which he reposed. Strong men shed honest, silent tears, and women made no attempt at hiding their feelings when they looked on him they would see no more forever.

And thus on the first day of the year was another pioneer and upholder transferred from the grand lodge below to the grand lodge above.

Mr. Humphreys was a native of this county, was the youngest son of the late Robert Humphreys, and was about sixty years of age. He had lived in California some fifteen years, having gone there from Missouri.

His wife, who was Miss Cordelia Franklin of Germantown, and several children survive him, and he leaves a sister and two brothers, Mrs. J. M. Evans, of this city, Mr. Geo. Humphreys, of Washington, and Mr. Henry Humphreys, of Memphis.

Samuel Fugatt, of Texas, is visiting friends near here. This is his first visit to Kentucky for twenty-five years.

Mr. Temperance McClure died Friday at his home near here and was interred Saturday at East Fork Cemetery.

Mr. and Mrs. Ed. McDonald and pretty daughter Edna were visiting at the Lookout House Sunday and Monday.

Dr. Bowman passed through our village a few days ago, en route to Tollesboro from the State Capital. He says he didn't want that office very badly anyhow.

The Trustees have elected Miss Amy Goddard, of Oakwood, to finish the school begun by the late Miss Cora Barkley. Miss Goddard will be heard at the Lookout House.

"Squire W. H. Hook returned from Frankfort Sunday and from the sad look on his usually smiling face one would suppose that the plums were too high for a small man to reach them, and very sour anyway.

ORANGEBURG.

Mr. Dan Roe, of Helena, was here Monday.

Mr. Will Kennan, of Lexington, is at home on a visit.

Mr. Stockton Ross is clerking for Mr. H. B. Wilson at Reeterville.

Rev. Ross preached a very interesting sermon at M. E. Church last Sunday.

Misses Lizzie Davenport and Ida Browning have returned home from a visit in Maysville.

Mr. Grant Wilson has returned from a visit to his parents in Adams County, O. During his absence his place at the store was filled by Mr. H. P. Wilson, of Reeterville.

The question for debate in Prof. Turnipseed's school last Friday was, "Resolved That the Negroes Have Been Treated Worse by the Whites Than the Indians." Boys, affirmative; girls, negative. After a spirited contest the young ladies were victorious.

KENTUCKY'S LAW-MAKERS.

A Religious Squabble in the House. About Seventy-five Bills In- troduced Tuesday.

Tuesday was the first bill day in the House, and here's a summary of the most important measures offered:

A bill to amend laws for protection of food fish; an act to regulate fees and salaries of officers of the Commonwealth; an act to amend Section 42, criminal code, so as to provide for the right of appeal in habeas corpus cases; a bill to regulate the fees and salaries of officers and to abolish the office of Register of Lands; a bill to repeal the law establishing the State Board of Equalization; a bill to give county ownership of roads to counties; a compulsory education law bill; an act reducing the pay of Circuit Judges; an act prohibiting the manufacture and sale of cigarettes; an act providing a felony penalty for carrying concealed deadly weapons; an act lengthening the hours of election, which provides that the hours shall be from 6 to 5 o'clock, instead of 7 to 4 o'clock.

About seventy-five bills were introduced in all. A dozen or more members sent up duplicate bills proposing to abolish the State Board of Equalization and Register of Land Office.

Mr. Hiles, of Bracken, is the author of the compulsory education bill.

Mr. Grider arose to a question of privilege, explaining the unpleasant position he had been placed in, as a result of the controversy as to whether or not he, as Chairman of the House Committee created for that purpose, had invited Father Major, with other ministers, to attend the House sessions as directed by the House. Grider stated Monday that he had invited Father Major, and further said he had a reply from the priest, accepting the invitation. Monday night Father Major gave out a statement flatly contradicting Grider's statement. Grider acknowledged his error, claiming that mistake occurred inadvertently, and said he had taken Rev. R. L. McCready, rector of the Episcopal Church, for a priest, and had invited him under that belief.

Mr. Carroll sent up a resolution expressing regret of the House over the error, and condemning as unpatriotic and unAmerican any act of discrimination against any person or body of persons on account of religious views. Speight caused a ripple of laughter by offering an amendment to invite negro pastors. Lyons, of Newport, opposed Carroll's resolution, and moved to lay the resolution and all amendments on the table. Carroll's resolution was amended so as to include the invitation of negro ministers, and in this form it was adopted.

Late Tuesday Graziana, of Covington, introduced a bill making the operation of poolrooms in this State a felony. All its provisions are very stringent, the highest penalty being five years in the penitentiary.

The Senate was not in session Tuesday, but on Monday the following bills were introduced:

An act in relation to land titles and the registration thereof. It revises and reconstructs the whole statute on this question.

An act to abolish the office of Register of Lands, and consolidate it with the office of Secretary of State.

An act to provide for the payment of teachers in common schools in certain cases.

An act to abolish the custom of allowing days of grace to commercial paper.

An act for the appointment of Commissioners to assist the Judges of the Court of Appeals.

An act to repeal Article 16 of Chapter 108, of Kentucky Statutes of 1894, and to abolish the State Board of Equalization.

An act to amend Sections 133 and 134 of the act entitled "An act for the government of cities of the first class."

An act to authorize the use of a certain class of convict labor in the construction of courthouses, jails, public roads and bridges, and to authorize the working of violators of the penal laws thereon in the payment of fines.

Senate Bill No. 1 was introduced by Senator Salyer, and is the most important one that will come up this session, as it revises and changes the whole system of patenting, deeding and conveying lands. The following synopsis of the sixty-page bill was prepared by Senator Salyer. The bill provides the advantages of procuring:

1. A short and definite title, absolute and indisputable.
 2. A registered certificate of title, carrying its own proofs.
 3. Stability of title, with safety to purchasers and mortgagees.
 4. Available for transfer as readily as any other instrument of transfer by record, thus saving time.
 5. Facilitates examination of titles and saves cost.
 6. Protects trust estates and beneficiaries.
 7. Makes land a quick asset.
 8. It facilitates the quieting of titles.
- The bill as introduced was substantially adopted by a popular vote in Illinois last year. It embodies all the main features of the "Torrens transfer system."

DEKALB LODGE No. 12, I. O. O. F., at the meeting last night, set apart Tuesday night, January 28th, as the date for appropriate services in memory of the late Robert A. Cochran, who was Treasurer of the lodge for nearly forty years. Messrs. Thomas A. Davis, M. C. Russell and W. C. Pelham were appointed a committee to draft resolutions, to be reported at the memorial meeting.

Hicks' forecast for the remainder of January: "About the 14th look for a sudden change to warmer, followed by storms two or three days later. From the 19th to 25th will occur the most decided disturbances of the month, and they will mark the severity of the winter. The intense cold will advance between the 23rd and 26th, and the month will close with reactionary storms."

THE BAR'S TRIBUTE.

Resolutions Adopted by the Lawyers in Memory of the Late R. A. Cochran.

A meeting of the Mason County Bar was held Tuesday at 10 a. m. at the court house to take appropriate action on the death of Hon. R. A. Cochran.

Judge Emery Whitaker was selected as Chairman and Mr. George W. Sulser as Secretary.

On motion of L. W. Robertson, Esq., Hon. James Barbour, John G. Hickman, Esq., and Mr. W. H. Wadsworth were appointed a committee to prepare and report suitable resolutions relative to the death of Mr. Cochran. The committee reported the following:

Your committee appointed to prepare resolutions on the death of Robert A. Cochran, member of this bar, beg leave to make the following report:

Resolved, That the members of the Mason County Bar have learned with profound regret of the death of Robert A. Cochran, one of their oldest associates in their profession at this bar.

Resolved, That in the death of Mr. Cochran this bar has been deprived of one of its most useful and respected members, and it, as well as the entire community, has met with a loss, the appreciation of which will be more keenly felt as the numerous occasions for supplying his ready and valuable services thrust themselves upon us.

Resolved, That the members of the bar will attend the funeral of R. A. Cochran as a last tribute to the memory and worth of their deceased brother.

Resolved, That a copy of these resolutions be spread upon the minutes of the County and Circuit courts and be published in the daily newspapers of Maysville.

J. BARBOUR.

J. G. HICKMAN.

W. H. WADSWORTH.

The resolutions were unanimously adopted.

Addresses were made by W. H. Wadsworth, Esq., Judge M. C. Hutchins, Mr. George W. Sulser, Judge G. S. Wall, County Attorney George W. Adair, Hon. James Barbour and Judge Whitaker, all of whom paid deserved tributes to deceased as a lawyer and citizen.

On motion the Chairman was directed to present the above resolutions to the Circuit Court at its next term, and also to the County Court.

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

QUIETLY WEDDED.

Mr. Dan Mitchell, of Carlisle, and Miss Emma Trouts, of This City, Married Last Evening.

Mr. Dan Mitchell, of Carlisle, and Miss Emma Trouts, of this city, were quietly married last evening.

The wedding was quite a happy surprise to most of the friends of the couple. The groom's most intimate associates at Carlisle were not aware of his approaching happiness until a few hours before the ceremony.

The marriage was quietly solemnized at 5:30 o'clock at the home of Mr. and Mrs. Henry Fritts, of Carlisle, whom the bride had been visiting for a few days. Rev. I. P. Trotter, pastor of the First Baptist Church of this city, officiated.

The bride is the oldest daughter of Mr. and Mrs. William Trouts, and is a most estimable young lady, an active and zealous worker in the Baptist Church of which she has been a member for several years. The groom is a native of Mason, formerly resided at Helena, and is widely known as a dealer in fancy horses.

The couple's many friends unite in congratulations and good wishes.

Mr. and Mrs. Mitchell will reside at Carlisle.

At last accounts, Mr. Wm. Thackston, of Millersburg, was somewhat better.

The funeral of the late R. A. Cochran occurs at the family residence at 1 o'clock this afternoon. The Oddfellows will have charge of the services, and the following representing the two lodges will act as pall-bearers:

DeKalb. Ringgold.
W. H. Cox. C. M. Phister,
N. Cooper. J. H. Hains,
T. A. Davis. H. L. Newell.

The sick man knocking at the door of health gets in if he knocks the right way, and stays out if he doesn't. There are thousands of ways of getting sick but only one way to get well. Do whatever you will, if you do not put your digestion in good order, and make your blood rich and pure, you will not get well. Rich, pure blood is the only thing that can bring perfect health. Constipation is a disease of the blood. A large part of all diseases are traceable directly to impurities in the blood, and can be cured by eliminating them with Dr. Pierce's Golden Medical Discovery. The first thing it does is to put the whole digestive system into perfect order. It stimulates the appetite, excites a copious secretion of the digestive fluids and promotes assimilation. It searches out disease germs wherever they may be, kills them and forces them out of the system. The Golden Medical Discovery has been used with unvarying success for over thirty years.

Exposure to cold, damp winds, may result in pneumonia unless the system is kept invigorated with Hood's Sarsaparilla.

ATTEMPTS were made to break into five houses at Millersburg last Saturday night, but the thieves were not successful.

TWO FINE residences belonging to H. L. Asher, near Lexington, were destroyed by fire early Monday morning. Loss \$24,000; insurance \$11,000. In jumping from a window Mr. Asher ran a nail through his foot and is in a bad condition.

O. M. COLLINS, a brakeman on the C. and O., ran across a couple of burglars at work at Russell the other night, and one of them shot at him, the ball striking a buckle on his trousers squarely in the middle of his stomach. Collins was uninjured. The thieves escaped but without their booty.

JESSAMINE COUNTY will soon be in the throes of a bitter contest over the local option question. The "Sanctificationists" of Wilmore are circulating a petition, which requests County Judge Phillips to order an election. The country people are opposed to the sale of whisky, while the citizens of Nicholasville, which is the only place in the county where saloons are opened, are largely in favor of it.

THE Times says of Paderewski's recent engagement at Louisville: "Paderewski's dressing room at Macauley's was fitted up like the boudoir of a king. The walls were hung with tapestries and on all sides flowers were banked. There was a lounge in one corner covered with big, soft cushions and a carpet had been placed on the floor. In another corner was a table and on this table stood three bottles of champagne, two of Sauterne and six of beer, to say nothing of a box of twenty-five-cent cigars. Before the great musician made his first appearance he drank three glasses of champagne, one right after the other, and during the intermission he got away with half of the beer. When considered from a financial standpoint the audience was one of the largest that ever assembled in the theatre, the receipts being between \$2,500 and \$3,000."

"A COUNTRY MERCHANT."

McKee Rankin's Latest Comedy Success to be Seen Here Friday Night.

The New York Herald says: "The Country Merchant," by McKee Rankin, was produced for the first time at the Bijou, in Brooklyn, to a crowded house. The comedy was well received. Charles Cowles, who assumes the leading role of Eben Baxter, handled his part in a masterly manner, as in fact, did all the members of the cast."

"A Country Merchant" comes to the opera house here next Friday night, January 17th. There is, it is claimed, more fun in this play than in any other comedy before the public. Mr. Cowles' dances are pronounced the quaintest ever seen. The singing is said to be first-class, and the company all fine actors.

Admission, 50, 35 and 25 cents. Ticket-on sale at Nelson's.

THE New York dentist of the New York Dental Parlors, of 22 East Fifth street, opposite the fountain, Cincinnati, Ohio, is stopping at the hotel in Aberdeen, O., for one week only, ending Sunday, January 19th. Owing to transferring his license to Kentucky from Ohio, it would not pay him to practice and demonstrate his painless method in dentistry in Maysville. Patients who have had work done in his elegant dental parlors in Cincinnati are invited to visit him in Aberdeen and he will pay their expenses over the river. Anyone wishing high-class dentistry done, which can not be obtained in Maysville without pain, will do well by calling on the doctor from Cincinnati. A written guarantee with all work for ten years.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osmond,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kinchloe,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

Further Disclosures About the Asphyxiated Chicago Family.

CHICAGO, Jan. 15.—A local paper says: The name of the man who Monday morning asphyxiated his wife, five children and himself is not Peter Hougard, but Jans Henson. The murderer was a fugitive from justice, having swindled his creditors out of \$40,000 in Denmark and fled to America. Upon his arrival in this country he assumed the name of Peter Hougard.

A letter written by the man's wife to the Danish vice consul Jan. 6 indicates that she was not ignorant of her husband's purpose. Other circumstances connected with the case would tend to show Henson had probably been engaged in crooked transactions since coming to Chicago and had been made desperate by the failure of his schemes. While it was at first thought the deed was caused by destitution, investigation, it is said, shows this was not entirely the case.

In an examination among the papers and effects of the family a number of letters were found throwing light on the circumstances leading up to the murder. A letter sealed and addressed to the dead man's mother in Denmark was in substance as follows:

My Dear Loving Mother:
I am sick to death. I have but a few more hours to live. My loving wife and children have been well cared for. There is but one in the world who would mourn my death. She is my mother. I blame no one for this. I would never do to any one what has been done to me. Peace to those who have pursued me; of them God will judge. Your unhappy son, JANS.

Another letter found was written by Mrs. Henson to C. L. M. Koedt, the Danish vice consul in Chicago. It was to the effect that Mr. Koedt had promised her to secure a position of some kind for her husband. She reproached the vice consul for not keeping his word. She wrote she had pawned her watch for an amount equal to one-tenth of its value, and mentioned an enclosure of \$5, which amount the vice consul had loaned her. The final words of the letter are:

"After what I found out yesterday there is nothing left for us but death by starvation or freezing."

This letter is dated Jan. 5, and on the reverse side of the sheet are the words: "I have no hard feelings against you, but pray to God that you will do as I do. You have put seven people who never did anything to you in their graves."

This letter causes the police to think husband and wife had reached an understanding concerning their final end, and had discussed the method of their taking off at least a week ago.

According to a story told by Charles H. Hopkins of this city, who acted as agent for Henson, the latter is a fugitive from Danish justice, having defrauded his creditors in Denmark out of \$40,000.

PARDON FOR LILUOKALANI.

It is Likely to Mark the Third Anniversary of Her Downfall.

SAN FRANCISCO, Jan. 15.—Advice from Honolulu are to the effect that preparations are under way for the third celebration of the anniversary of the monarchy. It will take place on Jan. 17, and the prediction is made that the parole of ex-Queen Liliuokalani will on that day be at an end, and that she will be granted a full pardon.

President Dole is said to have informed a correspondent that the government hoped to see its way to pardon the ex-queen in a short time, and the third anniversary of her dethronement will in all probability witness the last act in the drama. The ex-queen is frequently seen driving about the city.

Freight Train and Engine Collide.

PITTSBURGH, Jan. 15.—A special freight train collided with the engine of a local freight standing on Mahoning bridge, 58 miles north of Pittsburgh, on the Allegheny valley railroad yesterday. The local engine was knocked overboard and fell into the Mahoning river, 60 feet below. The boiler of the wrecked engine exploded, setting fire to the bridge and several freight cars. No one was killed. Several members of both train crews are reported injured.

Americans Fired Upon by Mexican Soldiers.

LAREDO, Tex., Jan. 15.—Information comes from Carriso, Tex., to the effect that a party of Americans, James R. McHinn and son, A. J. Blevins and Walter Strickland, starting from Eagle Pass on a hunting trip, were fired upon by Mexican soldiers about 40 miles below that place on Sunday. The facts and cause of the difficulty have not yet been learned. The party is on its way to Laredo to complain to the government.

Railway Station Held Up.

FALLS CITY, Neb., Jan. 15.—Masked robbers entered the local Missouri Pacific depot yesterday morning, and with drawn revolvers held up four passengers and the agent. The valuables of all were taken. The agent was ordered to open the safe. He jumped through the window and escaped, being fired at repeatedly. A posse failed to capture the highwaymen.

Cannon Not a Candidate.

SALT LAKE CITY, Jan. 15.—George Q. Cannon publishes a card in the Deseret News, in which he says: "I desire in this public manner to say to all my friends, and especially to those who have been so kind as to express themselves in favor of my being elected to the United States senate, that I am not a candidate for, and could not accept that office."

One Way to Tell Time.

"What time is it?" Asked the janitor of a downtown office building. The old fellow reached into his vest pocket, pulled out a battered silver watch, looked at it intently, and then taking a pencil from another pocket jotted something down on a bit of paper. Next he reached into another pocket and pulled out a second watch, the companion of the first, looked at it and again jotted something down on a bit of paper. Then he began a little computation on his slip of paper, after which he announced:

"At the time you asked, sub, it was just 27 minutes past 3. That's exact."

"Much obliged," I said. "But will you kindly explain to me why you had to look at two watches and go through all that figuring before you could tell me?"

"Why, you see, sub," he replied, "this here watch that I carries in my vest is a mighty good watch, but it loses just ten minutes every day. This other watch that I carries in my pants is just as good, but it gains ten minutes every day. So first I looks at one, and then I looks at the other, and then I takes my pencil and figures out the average between the two. That way I gets the time exact, sub."—Buffalo Express.

Kissing.

An English journal prints the following: "A very disagreeable habit of the king of Portugal is that he kisses his male friends. The princes of our reigning house all do this, and of course it is common enough abroad; but, thank heaven, so far this nasty looking (no matter how really innocent) habit has never become fashionable in this country. It is of course all a mere question of etiquette, but let us fervently pray that Englishmen when they meet with or part from their friends will never get to think it the correct thing to kiss one another. Etiquette in parting varies all over the world. In America the men shake hands and the women kiss one another and sometimes cry, for the American ladies are champion weepers. In France and in Italy even more the women weep, while the men kiss and hug one another almost as vigorously as if they were in a wrestling match. An English woman shakes hands with a man of her acquaintance, while in Spain she always gives her hand to be kissed. It makes the same sensation in Madrid for a man to take a woman's hand and shake it as it would in London for a foreigner to seize a lady's hand and kiss it."

No Women Notaries Public in Ohio.

COLUMBUS, O., Jan. 15.—The supreme court yesterday held that a woman in Ohio can not serve as notary public, the constitution requiring such office to be held by an elector. Nellie G. Robinson of Cincinnati brought the suit to compel the late governor to appoint her.
